Disinfectability

Naugahyde with Advanced BeautyGard® has been formulated to achieve a superior level of disinfectability with disinfectant products containing sodium hypochlorite (common household bleach) diluted 1:10.

Serviceability

Advanced BeautyGard® protective top coat finish is produced from environmentally friendly materials and processes and is technically formulated to achieve the highest performance standards.

Naugahyde with Advanced BeautyGard® provides outstanding protection in difficult medical and healthcare environments.

This product contains agents to protect it against bacterial and fungal micro-organisms.
